

The AFSCME Council 61 PEOPLE Committee (Public Employees Organized to Promote Legislative Equality) is committed to seeking and supporting candidates, regardless of party, who are committed to advancing legislation that protect employees right to organize; expands our collective bargaining rights (not take them away), fights with us for better wages, and stands up for all of the hard working members of AFSCME.

Our political leaders will only know our priorities if we tell them, again and again, and those priorities begin to show up at the polls. Sisters and Brothers make voting a priority and use your vote as your voice!
